About Me

I'm a Villanova University student who excels at solving complex problems and thriving in motivated, team-oriented environments. I enjoy taking on challenges and finding effective, innovative solutions.

Education

Villanova University, Villanova, PA — August 2024 - Present
Pursuing a Bachelor of Science Degree (Computer Science & Economics)
Sophomore | GPA: 3.54
Relevant Coursework: Stat Methods, Principles of Database Systems, Intro to Micro/Macroeconomics, Platform Based Computing

Leadership & Activities

Engagement Coordinator, NOVAdance | Villanova University — September 2025 – Present

- Support outreach and engagement efforts for NOVAdance, Villanova's largest student-run philanthropy event.
- Help coordinate communication, event promotion, and participation initiatives benefiting childhood cancer support programs.

Orientation Counselor, New Student Orientation | Villanova University — April 2025 – Present

- Guide and support new students through orientation, facilitating activities and discussions to help them acclimate to campus life.
- Collaborate with fellow counselors and staff to organize and execute orientation events, addressing questions about academics and campus resources.

Volunteer Coordinator; Local Program Host, Special Olympics | Villanova University — September 2024 – Present

- Participated in the largest university student-run Special Olympics event in the world led by Villanova University's Special Olympics Committee.
- Collaborated closely with Special Olympics officials and event staff to ensure safety of 1000+ athletes in attendance.

Work Experience

Chemistry Lab Storeroom Keeper, Villanova University | Villanova, PA — February 2026 - Present

- Supported daily operations of the chemistry lab stockroom by organizing, distributing, and tracking laboratory equipment and chemical supplies.
- Ensured compliance with safety and handling protocols while assisting students and faculty, demonstrating attention to detail, reliability, and responsibility in a lab setting.

Lifeguard / Swim Instructor, Wyckoff Family YMCA | Wyckoff, NJ — July 2022 – August 2025

- Maintained a safe environment for 100+ daily patrons through vigilant supervision, adherence to safety protocols, and routine equipment inspections and emergency preparedness drills.
- Developed strong communication and teaching skills by instructing children in swim lessons, building their confidence, and ensuring a positive, supportive learning environment.

Projects

Denver Broncos 2024 vs. 2025 Analytics Dashboard | Python, Oracle SQL, JavaScript | Solo Project

- Built an end-to-end data pipeline pulling NFL statistics via Python API, storing and querying data in Oracle SQL, and performing year-over-year analysis using Google Sheets pivot tables and formulas.
- Developed a custom interactive web dashboard using JavaScript, Chart.js, and Bootstrap to visualize key offensive trends including receiving yards, touchdowns, and QB performance comparisons across the 2024 and 2025 seasons.

Custom ArrayList MP3 Player | Java | CSC 1052 – Algorithms & Data Structures II

- Implemented a custom ArrayList using arrays to replace Java's built-in ArrayList for storing Track objects in a pre-existing MP3 player GUI, fully implementing all methods in the provided ListInterface while maintaining identical functionality.

Technical Skills

- Languages: Java, Python, R, SQL, JavaScript, and HTML.
- CS Foundations: OOP, Data structures, Recursion, Algorithm Analysis, and Debugging.
